interim, act with the same powers as herein provided to the Association.

2. The Association is a non-profit Tennessee corporation charged with the duties and invested with the powers prescribed by law and set forth in the Articles, By-Laws and this Declaration. Neither the Articles nor the By-Laws shall, for any reason, be amended or otherwise changed or interpreted so as to be inconsistent with this Declaration. In the event of any such inconsistency, the provisions of this Declaration shall prevail. The officers and directors of the Association shall be required to be either (i) members of the Association; or (ii) officers, directors, agents, representatives, appointees or employees of Developer or a successor to Developer.

3. A Board of Directors of the Association, and such officers as the Board may elect or appoint, shall conduct the affairs of the Association in accordance with the Emerson Hills Documents. The Board shall, except to the extent specified membership approval shall be required by the By-Laws or by this Declaration, act on behalf of the Association in the implementation of this Declaration. Until the Association is incorporated, Developer shall act in place of the Association, with the same powers as herein granted the Association such as but not limited to the power to assess fees for the common area maintenance and to enforce all provisions of the Emerson Hills Documents. Upon its incorporation, the Association shall be controlled by the Developer, and the Developer shall have the authority to appoint members to the Board from time to time as the Developer sees fit until such time as the Developer has sold all of the Lots within Emerson Hills. Once Developer has sold all of the Lots in Emerson Hills, the Developer shall appoint at least three (3) Owners to compose the Board of Directors, one (1) Owner for a 1-year term, one (1) Owner for a 2-year term, and one (1) Owner for a three (3) year term. Ownership of a Lot shall be the sole qualification for membership in the Association. In the absence of such advice, the Lot's vote shall be suspended if more than one person seeks to exercise it.

2. Members Rights and Duties. Each member shall have the rights, duties and obligations set forth in the applicable Emerson Hills Documents.

3. Transfer of Membership. The Association membership of each Owner (including Developer) shall be appurtenant to the Lot giving rise to such membership, and shall not be assigned, transferred, pledged, conveyed or alienated in any way except upon the transfer of title to said Lot and only to the transferee of title to such Lot. Any attempt to make a prohibited transfer shall be void. Any transfer of title to a Lot shall operate automatically to transfer the membership in the Association appurtenant thereto to the new

owner thereof.

The Association shall have the power to do any and all lawful things which may be authorized, required or permitted to be done by the Association under this Declaration, the Articles and By-Laws, and to do and perform any and all acts which may be necessary or proper for or incidental to the exercise of any of the express powers of the Association, including the following which are listed without intent to limit the foregoing grant.

5. Mortgagee Protective Agreements. To execute and cause to be recorded from time to time agreements in favor of holders or insurers of mortgages secured upon portions of the Property. Such agreements may condition specified action, relevant to this instrument, of the activities of the Association upon approval by a specified group or number of mortgage holders or insurers. Actions and activities which may be so conditioned by such agreement may include, but shall not be limited to the following: (i) any act or omission which seeks to abandon, partition, subdivide, encumber, sell or transfer the Common Areas or any other real estate or improvements owned, directly or indirectly, by the Association for the benefit of any Lots; (ii) any change in the method of determining the obligations, assessments, dues or other charges which may be levied against the owners of Lots; (iii) any act or omission which may change, waive or abandon any scheme or regulations, or enforcement thereof, pertaining to the architectural design, exterior appearance or exterior maintenance and improvements erected upon the Property, driveways, or the upkeep of lawns or plantings located upon the Property; (iv) failure to maintain specified fire and extended coverage insurance on insurable portions of the Common Areas; (v) use of hazard insurance proceeds for losses to any improvement erected upon the Common Areas for other than the repair, replacement or reconstruction of such improvements; (vi) the failure to maintain kinds of insurance and amounts, from and covering risks as specified by such mortgage holders or insurers; (vii) permitting holders of specified mortgages on Lots to jointly or singly, pay taxes or other charges which are in default which may have become a charge against the Common Area, to pay overdue premiums on hazard insurance lapse of any such policy for such property and permitting mortgagees making any such payments to recover the amount thereof from the Association.

Without liability to any Owner of a Lot, to cause its agents, independent contractors, and employees after reasonable notice, or without notice in the event of an emergency, to enter upon any Lot for the purpose of enforcing any of the rights and powers granted to the Association in the Instruments, Articles and By-Laws, and for the purpose of maintaining or repairing any portion of the Property if for any reason whatsoever the Owner thereof fails to maintain it in good condition and repair and so as to present an attractive exterior or appearance as required by the documents, or as reasonably required to promote or protect the general health, safety and welfare of the residents and users of the Property.

7. Maintenance and Repair Contracts. To contract and pay for or otherwise provide for the maintenance, restoration and repair of all improvements of whatsoever kind and for whatsoever purpose from time to time located upon or within the Common Areas or as required for exterior maintenance, sidewalks or Lot clean-up in the event the Owner

11. Protective Services. To contract and pay for, or otherwise provide for, fire, security and such other protective services as the Association shall from time to time deem appropriate for the benefit of the Property, the Owners and their guests; provided, however, that the Association shall have no responsibility or obligation to provide security for the Property or any Owner or their respective family members or visitors.

ARTICLE III COVENANTS FOR MAINTENANCE ASSESSMENT

A. Creation of the Lien and Personal Obligation of Assessments.

1. Each Owner for any Lot, by said acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay: (1) the initial assessment, (2) annual assessments or charges, and (3) special assessments for capital improvements or losses, or for failure to maintain and repair, such assessments to be established and collected as hereinafter provided. The Board shall have the authority to establish interest and late charges for unpaid assessments.

2. All assessments, together with interest, costs and reasonable attorney's fees shall be a charge on the Lot and shall be a continuing lien upon the Lot against which each such assessment is made. Each such assessment together with interest, costs and reasonable attorneys' fees, shall also be the personal obligation of the person who was the Owner of such Lot at the time when the assessment fell due. The personal obligation for the delinquent assessment shall not pass to his successors in title unless expressly assumed by them, but no such assumption shall relieve any Owner personally obligated from his personal liability.

B. Annual Assessments.

1. The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety and welfare of the residents of the Lots; the improvement, operation and maintenance of the Common Area; the duties and exercise of the powers of the Association; the payment of the proper expenses of the Association and all costs incurred in the performance by the Association of its duties, and the establishment of reasonable reserves for the maintenance repair and replacement of paths and paved areas within the Common Areas, landscaping and other improvements upon the Common Area, as determined by the Board from time to time.

2. Annual Assessments levied by the Association for each year shall be adequate to finance the operation and activities of the Association, to satisfactorily maintain the Common Area, and maintain adequate repair and replacement reserves, as determined by the Board.

C. Working Capital and Transfer Fees. In addition to the above Annual Assessments, each purchaser of a Lot shall be subject to the payment of a Working Capital Fee and a Transfer Fee, both of which shall be due and payable at the closing of such Lot. The Working Capital Fee shall be \$250.00 per Lot and the Transfer Fee shall be \$250.00 per Lot. Such fees as set forth herein may be modified by the Board at any time. Each prospective purchaser shall be under a duty to have inquired about the amount of such fees prior to closing, which if not paid shall be a lien on the Lot.

D. Special Assessments for Capital Improvements. In addition to the annual assessment authorized above, the Association may levy in any calendar year, a special assessment applicable to that year only as determined by the Board of Directors for the purpose of defraying in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto.

E. Rate of Annual Assessment. Annual assessments must be fixed at a uniform rate for all Lots and may be collected on a monthly, quarterly, or yearly basis or otherwise at the discretion of the Board.

F. Date and Commencement of Annual Assessments.

1. The annual assessments provided for herein shall commence as to each Lot on the first day of the month following the Developer's conveyance of such Lot. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. At least thirty (30) days in advance of each annual assessment, the Board of Directors shall fix the amount of the annual assessment of every Owner subject thereto. Written notice of such assessment shall be sent to every Owner subject thereto at least thirty (30) days in advance of each annual assessment, but failure to fix or to notify shall not constitute a waiver of this right or of any Owner's obligation to pay. The due date shall be established by the Board of Directors.

2. The Association shall, upon demand, and for reasonable charge, furnish a certificate signed by an officer of the Association setting forth when the assessment on a specified Lot has been paid. A properly executed certificate of the Association as to the status of the assessments on a Lot is binding upon the Association as of the date of its issuance.

G. Effect of Non-payment of Assessments, Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of eighteen percent (18%) per occurrence or highest rate allowed by state law, whichever rate is less, and shall be a lien against the Lot, and shall further be the personal obligation of the person owning the Lot at the time the assessment comes due. The Association may bring an action at law against the Owner personally obligated to pay the same or foreclose the lien against the Lot and Residence, and interest, cost and reasonable attorneys' fees of such action or foreclosure shall be added to the amount of such assessments. No Owner may waive or otherwise escape liability for the assessment provided for herein by non-use of the Common Area or abandonment of the Lot.

1. And now, for the purpose of better and more effectually securing the payment of said lien indebtedness, rendering unnecessary court proceedings for the enforcement of said lien in the event of the non-payment of said indebtedness and payments thereof, as they

become due, and for the consideration of One Dollar paid in cash, receipt of which is acknowledged, the said Lot Owners, their heirs, administrators, successors and assigns, hereinafter referred to as trustors, hereby transfer and convey unto J. Bryan Echols, Trustee of Maury County, Tennessee, his successors and assigns, or any successor trustee appointed by Developer or the Board, the real estate hereinbefore described and specifically the property owned by the owner subject to this Declaration, with the appurtenances, estate, title and interest thereto belonging upon the following uses and trusts:

- a) Trustors agree to pay their pro rata share of Common Expenses when due and further agree to pay all taxes and assessments thereon, annual, initial, or special, and to pay them when due, and, upon demand of said trustee or the lawful owner and holder of said indebtedness, to pay, discharge, or remove, any and all liens (except a First Mortgage or Deed of Trust) which may be hereafter placed against said property and which shall adversely affect the lien of this instrument or enforcement of the terms and provisions hereof; to keep the improvements on said property in good repair and preservation pursuant to the requirements of this Declaration and the rules and regulations adopted by the Association, and in case the trustee or his successors or the lawful owner and holder of said indebtedness shall hereafter be required to appear in any court or tribunal to enforce, or defend the title to, or possession of, said property, or the lien of this instrument, or appear in any court to prove the above indebtedness, all the costs and expenses of such appearance or proceedings, together with a reasonable attorney's fee, shall be allowed, and be payable by trustors upon demand of the trustee or lawful owner or holder of said indebtedness, and, upon failure to do any of these things, then said trustee, or the lawful owner and holder of said indebtedness may do any or all of these things and the amounts so paid shall bear interest at the rate of 18% per annum, or at the then highest contract rate of interest then legally collectible in Tennessee from the date of payment and shall be and become a part of the indebtedness secured hereby.
- b) Now, if trustors shall pay their pro rata share of Common Expenses aforesaid when due, and pay any and all sums when due, as aforesaid, then this trust conveyance shall be of no further force or effect. But if said indebtedness, or any payment thereof, or interest thereon, is not paid promptly when due, or if, failing to pay said other sums when due, as herein provided, trustors fail to reimburse the Trustee, or lawful owner and holder of said indebtedness for all sums, with interest, so expended by said Trustee, or lawful owner and holder of said indebtedness, within thirty days from date of such payment, this trust conveyance shall remain in full force and effect, and the said Trustee, or its successor or assigns in trust, is hereby authorized and empowered, upon giving twenty days' notice by three publications in any newspaper, daily or weekly, published in Davidson County, Tennessee, to sell said property at the east door of the Courthouse in said County to the highest bidder for cash, at public outcry, free from the equity or right (statutory or otherwise) of redemption, homestead, dower, spouse's elective share and all other rights

and exemptions of every kind, which are hereby expressly waived; and the said Trustee, or its successor or assigns in trust, is authorized and empowered to execute and deliver a deed to the purchaser. The Association may bid at any sale under this trust conveyance. The Trustee may, at any time after default in the payment of any of said indebtedness, enter and take possession of said property, and shall only account for the net rents actually received. It is further agreed that, in the event the Trustee fails, before selling said property, as herein provided, to enter and take possession thereof, the purchaser shall be entitled to immediate possession thereof upon the delivery to him by the Trustee of a deed for said property. In case of sale hereunder, the proceeds will be applied by the Trustee as follows:

- i. 1st. To the full and complete satisfaction of the interest of the first mortgage holder, unless arrangements have been made for the assumption of the first mortgage by the subsequent purchaser.
- ii. 2nd. To the payment of all costs, charges and expenses of executing this conveyance and enforcing said lien as herein provided; including reasonable attorney's fees for advice in the premises, or for instituting or defending any litigation which may arise on account of the execution of this conveyance, or the enforcement of said lien; also the expenses of any such litigation.
- iii. 3rd. To the payment of all taxes which may be unpaid on said premises.
- iv. 4th. To the payment of all unpaid indebtedness herein secured, and any and all sums expended in the protection of said property, as herein authorized.
- v. 5th. The residue, if any, will be paid to trustor(s) legally entitled thereto, their order, representatives or assigns.

2. In case of the death, absence, inability, or refusal to act of said Trustee, or for any other reason as determined by the Board of Directors at any time when action under the foregoing power and trusts may be required or for any other reason, the lawful owner and holder of said lien is hereby authorized and empowered to name and appoint a successor to execute this trust by an instrument in writing to be recorded in the Register's Office of Davidson County, Tennessee, and the title herein conveyed to the above named Trustee shall be vested in said successor.

The word "Trustors" when used herein shall apply to parties both singular and plural.

H. Subordination of the Lien to Mortgages.

1. This transfer and conveyance, and the lien for common expenses payable by a Lot Owner which is secured by the transfer and conveyance shall both be subordinate to the lien of a recorded First Mortgage or Deed of Trust on the interest of such Lot Owner, regardless

of whether the First Mortgage or Deed of Trust was recorded before or after this instrument, except for the amount of the proportionate share of common expenses which become due and payable from and after the date on which the Mortgagee or Beneficiary accepts a conveyance of any interest therein (other than as security) or forecloses its Mortgage or Deed of Trust. While the lien for assessments may be extinguished, the personal indebtedness therefor shall remain and be the personal obligation of the Lot Owner who owned the Lot when the assessment came due. Any delinquent assessments (after lien extinguishment) may be reallocated and assessed among all Lots as a Common Expense. This subparagraph shall not be amended, changed, modified or rescinded except for the appointment of a substitute Trustee without the prior written consent of all First Mortgagees and Beneficiaries of record.

2. For purposes of this section a sale or transfer of a Lot shall occur on the date of recordation of an instrument of title evidencing the conveyance of record title.

A. Exempt Property. All property dedicated to, and adopted and accepted by a local public authority, shall be exempt from the assessments created herein.

B. Mortgage Protection Clause. No breach of the covenants, conditions, or restrictions herein contained for the enforcement of any lien provisions herein shall defeat or render invalid the lien of any prior mortgage given in good faith and for value, but said covenants, conditions and restrictions shall be binding upon and effective against any Owner whose title is derived through foreclosure or other judicial sale or in lieu of such of any prior mortgage.

C. Owners Shall Indemnify. Each Owner shall indemnify and hold harmless each of the other Owners and the Association from any liability arising from the claim of any lien claimant or judgment debtor against the Lot of any other Owner or of the Common Area. The Association or any affected owner may enforce this obligation which includes reasonable costs and attorney fees in the manner of a special assessment or by action at law including all rights granted to the Association under Article II.

D. Developer and Builder Exemptions. Notwithstanding the prior provisions of this Article III or any other Emerson Hills Documents, the Developer, and its successors and assigns, shall be exempt from all assessments, including the Working Capital and Transfer Fees. Builders shall also be exempt from all annual and special assessments and the Working Capital and Transfer Fees until such time as the property is sold, leased, or otherwise occupied. Transfer of title from the builder shall not relieve the new Owner from liability for assessments and fees from date of the new Owner's deed forward.

ARTICLE IV ARCHITECTURAL CONTROL

A. Approval of Plans and Architectural Committee.

1. No construction, reconstruction, remodeling alteration or addition to any building or landscaping on any Lot shall be constructed or undertaken without obtaining the prior written approval of the Board of Directors through the Architectural Committee as to the intended location of same and as to its plans and specifications showing the nature, shape, height, materials and such other specifics as may be required including its architectural style. The Developer shall appoint the members of the Architectural Committee from time to time, subject to the provisions

of Section 2 below. Notwithstanding any other provision of this Declaration or the Emerson Hills Documents, so long as Developer or its successors and assigns shall own any Lot, Developer shall have the sole right to appoint or remove the members of the Architectural Committee. Thereafter, or upon earlier relinquishment of such right, the Architectural Committee shall be composed of three (3) members who shall be appointed by Board. The Board of Directors shall have the right to appoint additional members to and to remove members from the Architectural Committee as it sees fit following Developer's relinquishment of such authority.

2. The Architectural Committee shall have full authority to review and act upon requests for approval of such requests. As a prerequisite to consideration for such approval, and prior to the beginning of the contemplated work, the applicant must submit a set of plans and specifications with a written request for their approval and an application fee as determined by the Board. The Architectural may charge a reasonable review fee. The Architectural Committee shall be the sole arbiter of same and may withhold approval for any reason including purely esthetic considerations. Upon approval being given, construction shall commence within ninety (90) days thereafter, and shall be processed to completion promptly and in strict compliance with the approved plans; otherwise the approval shall be void. Each Owner acknowledges that the decor, color scheme, landscaping, and design of the property has been selected in such a manner as to be consistent and harmonious with other Lots and residences in the subdivision and agrees to maintain and perpetuate the visual harmony of the Property.

ARTICLE V INSURANCE

A. Casualty Insurance. The Association shall keep all insurable improvements and fixtures on the Common Area insured against loss and damage by fire for the full insurable replacement cost thereof, and shall obtain insurance against such other hazards and casualties as the Association may deem desirable as well as a general liability insurance policy covering all Common Areas with coverage for bodily injury or property damage for any single occurrence as well as coverage for any legal liability that results from lawsuits related to employment contracts in which the Association is a party. All policies shall provide that they may not be cancelled or substantially modified without ten (10) days written notice to all insureds including the mortgagees if any. The Association shall also insure any other property whether real or personal, owned by the Association, against loss or damage by fire or casualty and such other hazards as the Association may deem desirable, with the Association as the owner and beneficiary of such insurance. All casualty, liability and fidelity bond coverage shall be in such manner and in such amount as required by the Federal National Mortgage Association (FNMA), and their requirements thereto as set forth in Sections 501-504, FNMA Lending Guide or as thereafter amended, are adopted herein by reference. Any insurance coverage with respect to the Common Area or otherwise shall be written in the name of, and the proceeds thereof, shall be payable to the Association. Insurance proceeds shall be used by the Association for the repair or replacement of the property for which the insurance was carried. Premiums for all such insurance carried by the Association are Common Expenses included in the common assessments made by the Association.

B. Replacement or Repair of Property. In the event of damage to or destruction of any part of the Common Area improvements, the Association shall repair or replace same from the insurance proceeds available. If such insurance proceeds are insufficient to cover the cost of repair or replacement of the property damaged or destroyed, the Association may make a special

assessment against all owners to cover the additional cost of repair or replacement not covered by the insurance proceeds, in addition to any other common assessments made against such Lot Owner.

C. Other Insurance. The Association may also maintain and pay for insurance policies or bonds that are appropriate for the protection and benefit of the Association, members of the Board and any standing committee, tenants or guests, including, but without limitation, workers compensation, malicious mischief, and performance of fidelity bonds.

D. Annual Review of Policies. All insurance policies shall be reviewed at least annually by the Board of Directors in order to ascertain whether the coverage contained in the policies is sufficient to make any necessary repairs or replacement of property which may be damaged or destroyed.

E. Hazard, Flood, Homeowners, and Fire Insurance. Each Owner shall obtain and maintain in effect fire and appropriate damage and physical loss insurance, all in an amount equal to the then current full replacement value of each residence and improvement owned by such owner, which may be established from time to time by the Board or the Association by resolution. Such additional insurance requirements may be set forth in agreements or other undertakings which the Board of Association may enter into with or for the benefit of holders or insurers of mortgages secured upon portions of the Property.

F. Obligation to Repair and Restore.

1. Subject only to the rights of an institutional holder of the first mortgage lien on the damaged Lot, insurance proceeds from any insurance policy covering a Lot shall be first applied to the repair, restoration, or replacement of such residence. Each Owner shall be responsible for the repair, restoration, or replacement of each residence owned by such owner pursuant to the terms hereof. Any such repair, restoration or replacement shall (subject to advances and changes in construction techniques and materials generally used in such construction and in currently generally accepted design criteria) be generally harmonious with the other Emerson Hills residences, and reconstruction must be consistent with plans approved by the Architectural Committee. Such repair and restoration will be commenced as soon as possible.

2. If the proceeds of insurance are insufficient to pay for the cost of repair, restoration, or replacement of a residence or improvement, the Owner of such residence shall be responsible for the payment of any such deficiency necessary to complete the repair, restoration or replacement.

G. Association Rights. If any Owner fails to obtain the insurance required in this article, or fails to pay the premiums therefor when and as required or fails to otherwise perform the obligations of an owner under this article the Association may (but shall not be obligated to in any manner) obtain such insurance, make such payments for any such Owner, and/or perform such obligations, and add the cost of such payments or performance, as a special assessment, to the assessments of such Owner and enforce the payment of the assessment in a like manner as an annual assessment.

H. Proof of Insurance. At the discretion and at the request of the Association, each Owner shall provide the Association with a copy of an appropriate insurance policy and a paid

receipt thereof, showing that the Owner has proper hazard, fire, flood and homeowners insurance coverage. Failure to so provide such insurance proof on an annual basis or at such other times as the Association may reasonable require will be construed as a default of the obligations under this article, and the Association may take whatever reasonable steps it deems necessary, including the procurement of insurance on said residence, with the Owner to be liable for such procurement as set forth above. All such insurance shall contain a provision for the notification of the Emerson Hills Homeowners' Association, Inc., and each mortgage holder named in the mortgage clause, at least ten (10) days prior to the cancellation, or substantial change, of coverage. Nothing herein shall be construed so as to require the Association to procure, insure or be a guarantor that insurance is procured or in force on any Lot.

I. Notice to First Mortgagees. In the event of substantial damage to or destruction of any part of the Common Elements, the institutional holder of any first deed of trust or mortgage on a Lot will be entitled to timely written notice of any such damage or destruction and no provision of any document will entitle the owner of a Lot or other party to priority over such institutional holder with respect to the distribution to such Lot Owner of any insurance proceeds.

ARTICLE VI EXTERIOR MAINTENANCE

A. Maintenance of Common Elements. Maintenance of, repairs to and replacements to the Common Elements shall be the responsibility of and shall be furnished by the Association. The cost of maintenance or repairs to and replacements to the Common Elements shall be part of the Common Expenses, subject to the By-Laws, rules and regulations of the Association. If, due to the act or neglect of a Lot Owner, or of his agent, servant, tenant, family member, invitee, licenses or household pet, damage shall be caused to the Common Elements, or to a Lot owned by others, or maintenance, repair or replacement are required which would otherwise be a Common Expense, then such Lot Owner shall pay for such damage or such maintenance, repair and replacements, as may be determined by the Association, to the extent not covered by the Association's insurance or sufficient proceeds are not collected from the insurance carrier or to the extent any such claim raises insurance premiums.

In addition to the utility and maintenance easements as may appear on a Plat, the authorized representatives of the Association, Board or of the Managing Agent with approval of the Board shall be entitled to reasonable access to the individual Lots as may be required in connection with the preservation of any individual Lot in the event of an emergency, or in connection with maintenance of, repairs or replacements of the Common Elements or any equipment, facilities or fixtures affecting or serving other Lots and the Common Elements or to make any alteration required by any governmental authority.

B. Additional Requirements. Each Lot Owner is responsible for all exterior maintenance on his own Lot. Each Owner shall repair, maintain or replace all exteriors on any building in good and well-maintained condition. Additionally, all landscaping, plants, shrubs, driveways, walks, yards, sidewalk adjacent to the street, etc. shall be maintained in a neat, orderly condition and in a good state of repair and maintenance. All exterior maintenance, including painting, shall be done in the color, method and design that is suitable and approved by the Architectural Committee. The Architectural Committee can base its decision solely on esthetic considerations.

ARTICLE VII USE AND BUILDING RESTRICTIONS

The following restrictions are in addition to the restrictions and conditions on Lot usages aforementioned:

1. Residential Structures Only. No Lot may be used for any purpose except for the construction and maintenance of a residential building, and no such residential structure on any such Lot shall be designed, constructed or used for more than one family. Provided, however, Lots adjacent to a homeowner's Lot may be purchased by the homeowner for the purpose of increasing the size of such homeowner's yard. In such event, assessments will continue to be paid for both Lots regardless of any joinder of tax parcels. No Lot or any portion thereof shall be used for a roadway to adjoining lands unless specifically allowed by Developer.

2. No Resubdivision. No Lot shall be re-subdivided, but shall remain as shown on the recorded Plat. A slight variance in the property lines may be made by adjacent Owners, but not for the purpose of subdividing into more Lots.

3. Noxious or Offensive Conduct. No noxious or offensive operations shall be conducted or maintained on any Lot and nothing shall be constructed, reconstructed or kept on any Lot which may constitute an annoyance or nuisance to the neighborhood. The Association is empowered to determine what does or does not constitute "noxious or offensive operations".

4. Animals. No animals or livestock of any kind shall be allowed or maintained on any Lot, except that three (3) dogs, domestic cats, or other household domestic pets may be kept, provided that they are not kept for commercial purposes. No poultry of any kind or description shall be allowed or maintained on any Lot at any time for any purpose.

5. Temporary Structures. No trailer, basement house, tent, garage, barn, or other outbuilding shall be erected or used as either a temporary or permanent residence.

6. Signage. Any signage placed on the Lot shall be non-illuminated and of not more than four (4) square feet; provided, however, that for-sale signs may be not more than six (6) square feet. All signs, except for for-sale signs that meet the above stated guidelines, must be approved by the Architectural Committee prior to being placed on the Lot. The foregoing is subject to any applicable law, statute, ordinance or regulation governing the restriction of political or other signs.

7. Garbage and Refuse Disposal. No Lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept except in sanitary containers. All such containers for the storage of such material shall be kept in a neat, clean and sanitary condition.

8. Lawful Use. No immoral, improper, offensive or unlawful use shall be made of the Common Area or Lots nor any part thereof; and all valid laws, zoning ordinances and regulations of all governmental bodies having jurisdiction thereof shall be observed.

9. Commercial Businesses. No commercial business may be maintained on the Common Area or on the Lots; provided, however, that nothing in the foregoing shall prevent an

Owner from working in their residence so long as they do not have employees or customers frequenting the residence.

10. Alterations. Nothing shall be altered or constructed in or removed from the Common Area except upon the written consent of the Association. No landscaping shall be altered or disturbed on the Common Area without prior written approval of the Board.

11. Rules of the Common Area. The Board is authorized to adopt rules for the use of the Common Areas and such rules shall be furnished in writing to the Owners. All such use of the Common Areas shall be subject to said rules as adopted.

12. Driveway. All driveway entrances from the street to each Lot shall conform to the following standards: Driveways shall be sixteen (16) feet in width from the road to garage entry. Each driveway shall have an apron within three feet of the back of the curb which shall taper by three (3) feet on each side of the driveway. The driveway including any turn around area must be constructed of concrete. A temporary gravel drive shall be constructed from the street to the side of the proposed dwelling before or at the time construction of said dwelling is commenced.

13. Facade Material. The façade of any dwelling constructed on any Lot shall have an exterior construction of cement board (Hardie board) with masonry accents and brick to grade, but in any event compliant with the approval of the Architectural Committee. The Architectural Committee shall have exclusive control over the type, style or color of the façade material to ensure that a dwelling or other building constructed on a Lot shall conform to the general atmosphere of the neighborhood.

14. Garages. All attached garages shall enter from the front or side, and all garage doors shall remain closed, except for actual ingress or egress therein. There shall be no detached garages or other accessory buildings constructed or located on the premises. All dwelling houses shall have an attached garage of a size adequate to accommodate a minimum of two (2) full size automobiles.

15. Accessory Buildings. Any detached garage or other accessory building shall not exceed two (2) stories in height and shall be subject to the pre-approval of the Association or the Architectural Committee and receipt of a building permit from Davidson County. Said building shall be to the rear of the Lot, but not less than twenty (20) feet from the rear Lot line, nor less than 7.5 feet from any side Lot line, and in no case closer than the house is to any street. Said garage or accessory building shall be erected as one building and no garage shall contain room for more than three (3) cars. Any accessory building must be of a design and material as would be compatible with the main residence and in compliance with local building codes as approved by the controlling governmental authority. Accessory buildings must be site built; preassembled accessory buildings shall not be permitted. Notwithstanding the foregoing, pre-fabricated wood storage buildings that match the color of the siding on the main residence shall be permitted.

16. Prefabricated Homes. Preassembled structures for residential purposes shall not be permitted even though said structure may meet all minimum square footage and other requirements.

17. Building Encroachments; Clean Construction Site. No building shall be constructed

or maintained on any Lot (i) in any reserved drainage utility or landscape easement area; or (ii) closer to the street than the setback line as shown on the recorded Plat (actual setbacks to be determined by the Architectural Committee); PROVIDED, HOWEVER, unclosed porches, either covered or uncovered, bay windows, steps, or terraces shall be permitted to extend across the setback lines; PROVIDED, FURTHER, HOWEVER, that the main structure does not violate the setback line. Once construction has commenced, it shall proceed diligently. Owner and/or its builder shall be responsible for maintaining a neat and orderly construction site; otherwise, the Board may determine in its discretion to hire third parties to clean the site and charge the expense of same to the Owner.

18. Fences. Fences must be white vinyl or black extruded aluminum, and of at least forty-eight (48) inches in height but no more than seventy two (72) inches in height. No fence shall be constructed without first obtaining the express written permission of the Association or the Architectural Committee, which is charged to ensure that said fences conform to the general character and atmosphere of the neighborhood. Generally, fences must be set back at least ten (10) feet from the front corner of the residence, but the Architectural Committee in its discretion may approve variances for corner lots and other situations. The Association or the Architectural Committee may require, as a condition of approval, the use of hedges or other greenery as screening for the fence. All fences must be maintained in good repair, and owners agree to abide by reasonable requests for repairs and maintenance as may be made by the Association or the Architectural Committee. Chain link fences and dog pens are expressly prohibited.

a) On all Lots except corner Lots, no fence shall be permitted between the front corner of the residence and the street. As to corner Lots: No fence may be closer than thirty (30) feet from any street (measured from the back of the street curb); provided, however, that the Architectural Committee shall make the final determination of the fence location on corner or other unusually-shaped Lots.

b) Fences located along property lines must be installed directly on the inside of the property line so that there is no gap between the property line and the fence.

c) On all fences, the exact description and material of the fence, showing the exact location of the Lot, house and fence must be submitted to the Association or the Architectural Committee for approval. No fence shall be located upon or within a dedicated easement (public utility, sewer, access, drainage, etc.). Owners shall be responsible for obtaining all necessary governmental permits and approvals prior to commencement of construction.

19. Repair of vehicles. No vehicles of any type shall be parked upon the Property or in the vicinity of any residence or in the common area for purposes of accomplishing repairs thereto. Inoperable vehicles must be parked in a garage or otherwise removed from the vicinity of any residence or the common area within five (5) days. This restriction shall also apply to all vehicles not in operating condition regardless of whether or not such vehicles are being repaired.

20. Prolonged Parking. There shall be no prolonged outside parking of any vehicle, including commercial and recreational vehicles, camping trailers, utility trailers, boats, and motor homes on any Lot, street or common area. For purposes of this section only, prolonged parking shall be defined as parking of a vehicle in excess of 72 hours at a time; provided, however, that non-commercial operable vehicles may be parked in driveways. Prolonged outside parking of any

type of vehicle as well as utility trailers is prohibited on any Lot, street or common area when such interferes with the esthetic quality of the subdivision. All such vehicles must be placed in the owner's garage or stored at an off-site location or stored on a concrete pad behind a fenced privacy area that prevents the vehicle from being seen from the street. The Association shall have absolute discretion, power and authority to determine whether this restriction is being violated, to allow variances, and to require conditions on such permitted use.

21. Landscaping. All front yards shall be sodded with the remainder of the yard being seeded and strawed. Landscaping is required in the front yard of every Lot, but owners will not be required to submit landscaping plans to the Architectural Committee for approval. Initial landscaping shall be the responsibility of the Builder/Owner of each Lot.

22. Sidewalk Construction. Each Builder shall be responsible to install sidewalks on Lots as shown on the Plats for the Property in conjunction with construction of a residence thereon. Each Owner shall be responsible to mow and maintain the lawn area (if any) between the sidewalk and the street on each Owner's respective Lot; said lawn area is not Common Area and shall not be maintained by the Association.

23. Lighting. All exterior lighting shall be consistent with the character established in the subdivision and shall be limited to the minimum necessary for safety, identification and decoration. Exterior lighting of buildings for security and/or decoration shall be limited to uplighting or downlighting and the style and type of lighting shall be compatible with the building design and materials. No color lens or lamps are allowed.

24. Alterations to the Land. No drainage ditches, cuts, swales, streams, impoundments, ponds; no mounds, knolls, dams or hills, and no other physical improvements or elements of the landscape or terrain of the Lot are permitted without the prior written consent of the Association.

25. Swimming Pools. In-ground swimming pools must be installed in accordance with any and all local codes and zoning requirements and the approval of the Architectural Committee. No above ground pools shall be permitted, including without limitation "stealth" pools. All pools must have lockable fencing and must be kept locked when not occupied. Fences must otherwise comply with the requirements set forth in Articles VII, paragraph 19 herein.

26. Satellite Dishes. No Large satellite dishes will be permitted unless approved by the Association or the Architectural Committee. Mini dishes (24 inches or smaller) will be allowed if not visible from the street and are contained within the fenced area in the rear portion of the Lot.

27. Recreational Equipment. No metal recreational equipment (including but not necessarily limited to playground equipment, trampolines, swings, and the like) shall be permitted unless approved by the Association or the Architectural Committee. Only portable basketball goals shall be permitted.

28. Lawn Accessories and Flags. No bird baths, frog ponds, flag poles, decorative banners, flags, lawn sculptures, artificial plants, birdhouses, statues or similar types of accessories are permitted in the front of any Lot (between the rear of any residence and the street) without prior written approval of the Architectural Committee. A Lot owner shall be permitted to fly the American Flag or the Tennessee state flag, but only if it is properly displayed via a flag holder

attached to the residence and the flag is maintained in good repair. Holiday decorations during the holiday seasons shall be permitted.

29. Propane or Gas Tanks. Propane or other gas tanks with a capacity greater than 120 gallons must be installed in ground. All other propane or other gas tanks with a capacity of 120 gallons or less may be above ground provided that they are completely hidden from sight with landscaping or a fence, which must be approved by the Architectural Committee.

30. Solar Panels. No Owner shall install solar panels except as may be approved by the Architectural Committee and only if properly maintained.

31. Firearms and Other Weapons. Discharge of firearms and other weapons is prohibited; provided, the Board shall have no obligation to take action to prevent or stop such discharge. For this purpose, firearms and weapons shall be deemed to include any instrument that may or is designed to propel or discharge bullets, arrows, or other objects by use of explosive force, compressed air, elastic contraction or other means, including without limitation handguns, rifles, shotguns, pellet guns, BB guns, cross-bows, and long or compound bows. This definition shall be broadly construed, and the Builder and Board of Directors shall have discretion to determine whether a particular object or instrument is a firearm or weapon in its sole discretion.

32. Short Term Rentals. No Owner shall lease, license for occupancy, or otherwise permit a non-Owner to remain in a residence for a period of less than twelve (12) days if consideration of any kind is given for such stay or if such occupancy is advertised by any medium, including without limitation short term rentals. The Board of Directors may approve variances to this limitation in their discretion; provided, however, that in no event shall such term be for a period of less than thirty (30) days.

ARTICLE VIII EASEMENTS, ENCROACHMENTS, COMMON AREA

A. General Utility, Drainage, and Stormwater Easements. An easement on all Lots is hereby reserved for installation and maintenance of utilities and for drainage within the areas as shown on a Plat. Furthermore, an easement on all Lots is hereby reserved for the protection, preservation, and maintenance of all stormwater management facilities constructed on each Lot pursuant to the site plan approved for each Lot by Davidson County, unless and until such time as an alternative stormwater management facility is approved by Davidson County.

B. Entrance Sign. The Common Areas or easement areas at the entrance to the subdivision shall be restricted for the purpose of constructing and maintaining any necessary subdivision entrance signs and for the construction of a fence and landscaping. The Emerson Hills Homeowners' Association, Inc. shall be responsible for the cost of maintaining and/or replacing said sign or signs, fencing, and landscaping located at the entrance to the subdivision.

C. Easements for Utilities. Easements for installation of utilities and drainage facilities are reserved as shown on the recorded Plats and as set forth herein or as required by later amendments. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may interfere with the installation and maintenance of utilities, or which may change the direction or flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels and easements.

D. Common Areas. The Common Areas, if any, as shown on a Plat shall be conveyed to the Association in fee simple for the use, enjoyment and convenience of all Owners. Each Lot and residence is hereby declared to have, subject to the provisions of this Declaration, a non-exclusive easement over all the Common Areas for the benefit of such Lot or residence, the Owners of such Lot and each of them, and for their respective families, guests, invitees and contract purchasers, for appropriate intended purposes and uses, subject to the right of the Association to adopt reasonable rules and regulations for such use. In furtherance of the establishment of this easement, the individual grant deeds and mortgages to each Lot may, but shall not be required to, set forth the foregoing easement. Except as otherwise provided for by this Declaration, the Common Area may be alienated, released, transferred, or otherwise encumbered only with the written approval of all Owners and each holder of a first mortgage on any Lot.

E. Association Functions. There is hereby reserved to Developer, any successor to Developer, and the Association, or the duly authorized agents, representatives and managers of the Association, such easements as are necessary to perform the duties and obligations of the Association as are set forth in this Declaration.

F. Ingress and Egress. In addition, there is reserved to Developer, its successors and assigns for the use and benefit of any adjoining property of Developer a right of ingress and egress over the streets, a right to attach to and use sewer and utility easements and such other easements as may be necessary to develop said property.

G. Covenants Running with Land. Each of the easements provided for in this Declaration shall be deemed to have been established upon the recordation of this Declaration, and shall thenceforth be deemed to be covenants running with the land for the use and benefit of the Lots and Common Areas as the case may be, superior to all other encumbrances applied against or in favor of any portion of the Property which is the subject of this Declaration.

H. Subject to Prior Utility Easements. Notwithstanding anything herein expressed or implied to the contrary, this Declaration shall be subject to all easement heretofore or hereafter granted by Developer for ingress or egress and for the installation and maintenance of utilities, sewers, television cables, drainage, and similar facilities that are necessary or appropriate for the development of the Property.

I. Utility Easements, Duties and Rights. The rights and duties of the Owners of Lots with respect to sanitary sewers and water, electricity, television cables, gas and telephone, shall be governed by the following:

1. Whenever sanitary sewer house connections and/or water house connections or electricity, television, gas or telephone lines are installed within the Property, which connections or any portion thereof lie in or upon Lots owned by others, then the Owners of the Lot served by said connections, shall have the right, and are hereby granted an easement to the full extent necessary therefore, to enter upon said Lots or to have the utility company enter upon the Lots within the Property in or upon which said connections, or any portion thereof lie, to repair, replace and generally maintain said connections as and when the same may be necessary.

2. When sanitary sewer house connections and/or water house connections or electricity, television cables, gas or telephone lines are installed within the Property, which connections serve more than one (1) Lot, the Owner of each Lot served by said connections shall be entitled to full use and enjoyment of such portions of said connections as service his Lot.

ARTICLE IX GENERAL PROVISIONS

A. Enforcement. The Association, Developer, or any Owner shall have the right to enforce, by any proceeding at law or in equity, the restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by this Declaration. The expense of enforcement, including but not limited to damages, attorney fees, and costs, shall be chargeable to the Owner of the Lot violating the provisions hereof and shall constitute a lien on the Lot collectable in the same manner as an assessment. Failure by the Association, the Developer or any Owner to enforce any covenant or restriction herein contained shall in no event constitute a waiver of the right to do so thereafter.

B. Severability. Invalidation of any one of the covenants or restrictions by judgment or court order shall in no way affect any other provisions which shall remain in full force and effect.

C. Amendment. The covenants and restrictions of this Declaration shall run with and bind the land for a term of thirty (30) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of 10 years. The Declaration may be amended by an instrument signed by not less than fifty-one percent (51%) of the Lot Owners, provided that no amendment shall alter any obligation to pay ad valorem taxes or assessments for public improvements as herein provided, or effect any lien for the payment thereof established herein. Any amendment must be properly recorded to be valid. Notwithstanding the preceding amendment requirements, the Developer shall have the sole authority to amend the covenants and restrictions of this Declaration during the ten (10) years following recordation of this Declaration or until all of the Lots in the subdivision have been deeded from Developer, whichever first occurs, and no amendment that affects the rights of Developer hereunder shall be valid without the written consent and execution by Developer.

D. Annexation. Developer or his successors and assigns, shall be allowed to annex additional property by way of section to Emerson Hills Subdivision without the consent of the Association or its members over any mortgages or other lien holders; by the recordation of a supplementary Declaration as provided herein. Upon such annexation, the Association shall take whatever measures are necessary to add such annexed property and Lots into the regime on an equal basis with the original property included hereunder.

Upon the recording of any supplementary Declaration, those Lots owners contained therein shall become members of the Association obtaining all rights due members of the Association and becoming liable for all assessments and fees as set forth herein and/or in the supplemental Declaration.

All common areas in any annexed property will be deeded to the Association in fee simple to be held in accordance with this Declaration.

ARTICLE X
RIGHTS OF DEVELOPER

A. Withdrawal or Addition of Property. Developer reserves the right to amend this Declaration for the purpose of removing any portion of the Property that has not yet been improved with structures from the coverage of this Declaration or to add additional property to be subject to this Declaration by Supplemental Declaration. Such amendment shall not require the consent of any Person other than the Owner(s) of the property to be withdrawn, if not the Developer. If the property is Common Area, the Association shall consent to such withdrawal.

B. Marketing and Sales Activities. Developer and Builders authorized by Developer may construct and maintain upon portions of the Property and the Common Area such facilities and activities as, in Developer's sole opinion, may be reasonably required, convenient, or incidental to the construction or sale of Lots, including, but not limited to, business offices, signs, model units, and sales offices. Developer and authorized Builders shall have easements for access to and use of such facilities at no charge.

C. Right to Develop. Developer and its employees, agents, and designees shall have a right of access and use and an easement over and upon all of the Common Area for the purpose of making, constructing and installing such improvements to the Common Area as it deems appropriate in its sole discretion.

D. Right to Approve Changes in Design Standards. No amendment to or modification of any restrictions and rules or architectural guidelines shall be effective without prior notice to and the written approval of Developer so long as Developer owns property subject to this Declaration or which may become subject to this Declaration in accordance with this Article.

E. Right to Transfer or Assign Developer Rights. Any or all of Developer's special rights and obligations set forth in this Declaration or the By-Laws may be transferred in whole or in part to other persons or entities; provided, the transfer shall not reduce an obligation nor enlarge a right beyond that which Developer has under this Declaration or the By-Laws. No such transfer or assignment shall be effective unless it is in a written instrument Developer signs and records. The foregoing sentence shall not preclude Developer from permitting other Persons to exercise any right reserved to Developer in this Declaration as an agent, employee or contractor of Developer where Developer does not intend to transfer such right in its entirety, and in such case it shall not be necessary to Record any written assignment unless necessary to evidence Developer's consent to such exercise. In the event Developer ceases to act as Developer and abandons its role as Developer, then the Association shall have and may exercise all rights of Developer without the necessity of a written assignment by the Developer that fulfilled Developer's obligations prior to such transfer.

F. Easement to Inspect and Right to Correct. Declarant reserves for itself and others it may designate the right to inspect, monitor, test, redesign, and correct any structure, improvement, or condition which may exist on any portion of the Property, including Lots, and a perpetual nonexclusive easement of access throughout the Property to the extent reasonably necessary to exercise such right. Except in an emergency, entry onto a Lot shall be only after reasonable notice to the Owner, and no entry into a dwelling shall be permitted without the consent of the Owner. The person exercising this easement shall promptly repair, at such person's own expense, any damage resulting from such exercise.

G. Termination of Rights. The rights contained in this Article shall not terminate until the earlier of (a) forty (40) years from the date this Declaration is recorded; or (b) recording by Developer of a written statement that all development and sales activity has ceased.
