Visitor RV Parking Request

(DRIVEWAY)

This request must be completed and returned to PSMT via email at mbailey@propertyolutionsmt.com. PSMT will forward the request to the HOA Board for approval. When approved, the HOA Board will return the request to PSMT, who will then issue a Visitor RV Parking Permit. This request must be submitted, approved, and the RV Parking Permit received **BEFORE** a visitor's RV may be parked in the driveway.

Parking Dates (No More Than 5 Days):

I understand that I am responsible for ensuring my visitor's compliance with the restrictions below. The RV may be PARKED in my driveway but not used as living quarters while parked there. The RV generator may not be ran/operated while parked in the driveway. My driveway lot may not be used as a "campsite" with chairs, cooking equipment, entertainment equipment, etc. set up and used. The parking permit must be displayed so that it is visible from the street. No part of the RV or associated equipment may extend into the street. This permit is for PARKING only, not a permit for "camping" in the driveway.

I understand and agree to ensure that my guests comply with the restrictions above.
